

Dear Herzberg family,

First of all, I want to thank you guys. I know this sounds like every single other letter that you get but I really am so thankful for your family. You guys went through such a hard thing that I seriously can not imagine going through. You brought a child into this world, an amazing thing to do. Although he so unfortunately passed away, the fact that you raised him so well is amazing. Your family is so awesome, and you've managed to live, and even thrive through this horrible thing that changed your lives. It's so, so unfair that your son's life was taken at his young age, but you kept on living and that's probably what he wanted you to do; to not stop living just because he couldn't anymore. Again, I'm so sorry for your loss, and your family is so amazing.

Sincerely, AJ Schalk
