

Dear Mr. Herzberg,

I cannot express in words how sorry I am for the loss of your son. Even though I will not be at The tomb of the Unknown Soldier when they lay down the wreath, I still believe that I should do this because your son fought for our country and I feel like I owe this to your family. I wish I could be at the tomb when they lay down the wreath so I could think of Eric + what he did in his short but beautiful life. Your family will always be in my prayers. Your son will be remembered by students from Mona shores for a long, long time.

-Anna Gomez
