

Dear Herzberg Family,

I am deeply sorry for your loss. I know you get so many of these each year but I hope this one is a little different. As we were learning about Eric I felt sad and hurt about what had happened. The more we learned about him the more I felt grateful and thankful for him and all the other people who fought till their death for us. He made the ultimate sacrifice that most people wouldn't make, that is what makes me so thankful for Eric. He is the reason I feel safe and protected in our country. You made us have more recognition for all of the people who have died fighting for us. Showing us what a good person he was and all the things he did for us. He seemed like such a great kind hearted person who would listen and help anyone he meets.

Sincerely,

Brooklyn Briseno
