

Dear Herzberg family,

I am very sorry for your loss. Watching the movie "Taking Chance" was inspiring to many people. We are so thankful for everything Eric has done for this country. I'm so glad I got to hear his story and I bet he was great. We all know he was brave and strong. I don't think I could ever be as brave as he was. I'm glad that there are other people like Eric out there, fighting for our country everyday, risking their lives for all of us. I want you to know that I have so much respect for Eric and your family and he will always be our hearts. We will always remember the great things he has done for everyone in this country.

Sincerely,

Heather Clark
