

Dear Herzberg family,

Listening to your son's story, I am so sorry for your loss. Our teacher, Mr. Wahlberg, has taught us many inspiring things about your son. He is very brave for serving our country and I would like to have had a chance to thank him. While we viewed the movie, Taking Chance, I learned many new things. This film and your son have taught many of us to be thankful for what we have. I realize that I will not go through the pain your family has, and he will forever run through the minds of many Mona Shores students. Your son will stay with us and we are all extremely sorry for your loss.

Maddie Mills
