Dear Herzberg Family,

I just wanted to take a few moments to write my sympathy to you. I personally have lost my Uncle and I truly feel for you guys. I know that I don't and will never feel the same about this, I just try and remember all the good thoughts my Uncle brought, and how the room lit up when he walked through that entrance. Although I will not be coming to Washington, I will be praying for Eric and your family. I will take a moment out of everyday to thank him, for not only his service but his unconditional love. I know it's hard to let someone you love so much go, but Eric for sure made his mark on this world. Thank you so much for this opportunity!

Much love,
Alexis Smith
