

Dear Herzberg family,

I am not able to put in words how inspired I am to hear Eric's life story. He is a true hero in my eyes. All I can truly say is thank you. Thank you for sharing his story. You all are so courageous! Please, all I ask is for you to keep telling Eric's story. Even though I did not know him, his story has made an impact on my life and my thought process towards the marines. This really shows me how grateful I really am for all I have. Eric's passing was for a great purpose. His purpose makes me feel great about living in America! I will always honor and cherish people like him. I am so excited and honored to being able to meet you all this summer during the Washington trip! Eric will always be remembered, not just by us, but throughout Mona Shores. You all will always have a strong part in my heart. Eric W Herzberg will be incredibly missed. Thank you so much, Herzberg family!
