

Dear Herzberg family

I would like start out by saying I am very sorry for your loss. Eric will always be remembered. Hearing his story has touched me in a million different ways. He's a brave and courageous hero and I want you to know that I look up to him. I really wish I could be as brave as he was. Some day I want to join the military, and hopefully be as courageous as he was. All though the movie "Taking Chance" I had Eric going through my head. I'm am honored to meet you! I am happy to hear there are people out there like Eric helping our Country and fighting for a purpose. Thank you so much for taking your time to read this! I wish you the best of luck! and again sorry for your loss hes always in memory!

Sincerely Tyler Rambow
